

Courses, Trainings, Consultancy, Coaching, in the Range of David Gruber(Examples).

- Communication Management (wide choice of skills, mainly tailored instantly for the client). It could contain e.g.: conflict resolution, nonverbal communication, assertiveness, motivation, leadership, market management...
- Time Management and Related Topics: meeting management, talker management, gender management, e-mail management, memory management, thinking management, concentration management, distracting management, emotion management, anger management, relaxation management, free time management, presentation management, phoning management etc.
- Information Management: Speedreading, speedsearching, speedstudying, NEANA method, double-clever-reading, creativity and memory associationslist.

All this is led using Gruber's original FARMULTI® method. Simply said, one-day-training by use of farmulti method could be more useful and effective than some one-week-training in similar topics lead without this method. It is verified by 25-years-long experience in the Czech Republic, in competition with world leading training companies and their top lecturers, in more than 900 short-term- trainings, by more than 10 000 trained people by David Gruber. www.gruberteam.cz
